

ADDICTHEAD – STRANGERS 7“

ADDICTHEAD is a young psychedelic rock-band from Frauenfeld, Switzerland. After seven years of playing in various small stages in Eastern Switzerland, working on their own sound and releasing a (free) digital EP called 'SPRING SESSIONS' they're proud to present their first physical release, the 'STRANGERS 7" '.

The music of ADDICTHEAD is a mix between seemingly floating, psychedelic jams, neck-breaking, hard riffs and danceable, deep grooves. Since the beginnings of the band's history, they've loved to improvise long, heavy and psychedelic jams. This love shows on their recordings, as in the fully improvised 'SPRING SESSIONS'-EP, and also during their intense and psychedelic live shows. Listen to ADDICTHEAD and get spaced out!
